

MARCH 15TH, 2021

TO OUR VALUED CUSTOMERS:

Effective April 5th, 2021 Merit Brass Co. will be implementing new list price sheets for **A-105 Forged Carbon Steel Fittings**, as well as **Leaded and Lead-Free Domestic Red Brass Fittings**. These sheets represent cost increases resulting from continued escalation in operating, transportation, and raw material costs.

These increases will be in the form of new published list prices. Current discount multipliers will remain in place. Orders placed by the end of the day on Friday, April 2nd will be honored at current pricing, although we reserve the right to limit quantities based on historical purchases.

- **FORGED CARBON STEEL FITTINGS:** Price Sheet **CS 421** supersedes **CS 619** and reflects an across-the-board 10% increase in list prices.
- **DOMESTIC RED BRASS FITTINGS (LEADED & LEAD-FREE):** Price Sheets **BRTF 421** and **LBRTF 421** supersede **BRTF 121** and **LBRTF 121**. Most items reflect a 10% increase, although there are certain items with larger increases due to production costs being updated.

EXCEL VERSIONS OF THESE LISTS WILL BE AVAILABLE ON www.meritbrass.com by the end of the business day on Friday, March 19th.

Thank you for your continued support, and please feel free to contact any of our Merit Brass sales associates should you have any questions or concerns.

Regards,

Merit Brass Company
